

AUTUMN & WINTER 2019/20 SCHOOL AND GROUP ACTIVITIES

EPIC ADVENTURES THAT MOTIVATE AND INSPIRE

Getting outdoors is a great way for pupils to learn, and we are all about making the outdoors accessible.

Our experienced team are dedicated to ensuring pupils get the most out of their visit by helping them to positively embrace new opportunities and learning experiences. We endeavour to ensure our activities are mapped against the National Curriculum, and provide cross curricular links, as well as developing key skills, like decision making, teamwork, and communication.

Whether pupils are at Key Stage 2, 3, or 4, an activity trip to Plas Menai will not only meet curriculum requirements, but will provide them with a truly memorable experience.

The Centre holds the Learning Outside the Classroom and Adventure Mark badges, as well as an AALA licence. We are also regularly inspected by the RYA, and Canoe Wales, so you can rest assured your pupils will be in safe hands.
